OPERATING HIGHLIGHTS

The City of Fort Saskatchewan faced significant challenges in 2020. On March 11, 2020, the World Health Organization officially declared the spread of the COVID-19 virus a global pandemic. Subsequently, significant public health and safety measures have been put in place by all three levels of Government intended on helping to slow the spread of the virus to ensure the public healthcare system is not overwhelmed while trying to keep the virus from widespread infection, especially with the more vulnerable members of the population.

The public health orders put in place by the provincial government, along with the additional measures put in place by the City of Fort Saskatchewan, resulted in significant disruptions for both City operations, and for the community as a whole.

At a high level, the City:

- Closed, partially closed, or significantly modified the operation of a number of City facilities and programs in accordance with provincial health orders.
- Reduced the municipal property tax increase for 2020 to zero.
- Deferred numerous operating projects and curtailed spending to mitigate the impacts of lower revenue.
- Made significant changes to operations in response to the operational impacts by redeploying and laying off staff, while changing the working conditions for administrative and operational staff still working.
- Allowed for the deferrals of utility bill penalties and property tax payments to provide relief for local business and residents impacted by the pandemic.
- Provided more than \$120,000 in direct business support grants fostering more than \$367,000 by investments into local businesses.

The City continues to monitor ongoing changes to public health orders, as well as other announcements from various levels of government pertaining to economic relaunch and recovery of various city facilities and programming.

The City also advanced a number of key initiatives in 2020, including:

- Moving many processes to paperless and holding most meetings via video conference.
- Continuing to work on updates to the Land Use Bylaw and the Municipal Development Plan.
- Adopting the Heartland Tax Incentives Bylaw, a regional first that is expected to drive future investment in the City.
- Improving corporate governance by adopting a staff code of conduct and updating our conflict of interest policy.
- Expanding outdoor recreation opportunities such as the skating oval at the West River's Edge Pavilion.

OPERATING BUDGET

In 2020, the City had an \$875,000 operating budget surplus, excluding receipt of \$2,804,000 through the Municipal Operating Support Transfer ("MOST").

The Government of Alberta and the Government of Canada provided operating funding support to municipalities through the MOST as part of the Safe Restart Agreement. MOST supports municipalities by funding incremental costs and reduced revenues associated with the pandemic and actions taken in response to it.

Excluding MOST, Revenues were \$3,337,000 below budget, primarily due to lower user fees and charges as a result of facility closures, waiving of fines and penalties, as well as, lower investment income due to Bank of Canada rate cuts in response to COVID-19.

Expenses were \$6,218,000 below budget due to staffing reductions related to facility closures and Culture and Recreation programming changes, project deferrals, and a broad based expenditure curtailment in response to COVID-19. In addition, the RCMP contract came in \$563,000 below budget due to vacancies and lower than budgeted compensation rates.

CAPITAL PROJECTS

The 2020 capital program included 44 capital projects. As at December 31, 2020 the City has completed 10 projects while 29 were still in progress, 4 projects were postponed or deferred to 2021, and the additional transit bus project was cancelled due to changes in provincial grant funding. Projects were postponed due to twinning the highway 15 bridge, developer schedules, and COVID-19.

The City spent \$12,110,000 on capital projects in 2020.

FINANCIAL POSITION

As at December 31, 2020, the City had net financial assets of \$29,392,000 compared to \$14,575,000 in net financial assets at December 31, 2019. The net financial assets were higher than last year due to the investment and cash equivalent balances and the decrease in long term debt payable.

- Investment, cash and cash equivalent balances increased overall by \$9,649,000 from December 31, 2019.
- Long term debt decreased to \$31,721,000 compared to \$35,132,000 at December 31, 2019.

The City deferred application of penalties for some taxpayers until September 1, 2020 in order to mitigate financial strain caused by the COVID-19 related restrictions and business closures.

In order to mitigate the increased risk of uncollectible property taxes, Council has authorized the City to borrow up to \$40 million to finance the ongoing operating activities of the City. With the City's spending reductions and receipt of the Municipal Operations Support Transfer, the City did not access this additional borrowing capacity in 2020.

The operating budget surplus (deficit) includes transfers to and from reserves and debt repayments that are excluded from Public Sector Accounting Standards ("PSAS") financial reporting, and excludes amortization and gains or losses on the disposal of tangible capital assets which are included in PSAS. An unconsolidated statement of operations that is consistent with PSAS has been included in Appendix 1. Net variances from the operating budget by departments are also included in Appendix 1.

ANALYSIS OF SIGNIFICANT VARIANCES

In 2020, the City was significantly impacted by COVID-19 and public health orders from the Government of Alberta. Facility closures, capacity reductions, and demand reductions resulted in lower revenues.

REVENUES

Government Transfers - Operating

Revenue from Government Operating transfers were \$2,857,000 above budget in 2020 due to additional Federal and Provincial grant funding for COVID-19.

The City received \$2,733,000 for general operations and \$71,000 for transit through MOST to fund incremental costs and reduced revenues associated with the pandemic and actions taken in response to it. The City also received \$91,000 in additional funding and in-kind support through various other streams in response to the COVID-19 pandemic.

User Fees and Charges

Revenue from user fees and charges were \$2,421,000 below budget in 2020 and \$2,351,000 lower than in 2019. Facility closures and other service disruptions, a decline in demand for construction related permits, and the waiver of transit fees all contributed to the decline in user fees and charges.

	Budget	2020	Variance	2019
	\$000s	\$000s	\$000s	\$000s
Operating Revenue				
Facility Rental and Lease Revenue	1,835	1,039	(796)	1,798
Admissions	1,027	404	(623)	1130
Registrations	692	169	(523)	668
Permits	1,319	1,100	(219)	1,371
Transit User Fees	249	104	(145)	222
Advertising and Sponsorship	197	116	(81)	146
Other	1,891	1,857	(34)	1,807
User Fees and Charges	7,210	4,789	(2,421)	7,142

Fines and Penalties

The City's fines and penalties revenue were \$623,000 below budget in 2020. Court fines were \$886,000 below budget. However, property tax penalties were \$259,000 higher than budget in 2020 due to higher than expected outstanding property tax receivable balances throughout the year.

Investment Income

Investment income was \$163,000 lower than budget due to lower than expected interest rates in 2020. In March 2020, the Bank of Canada interest rate dropped to 0.25% in response to the COVID-19 pandemic.

EXPENDITURES

The City embarked on a broad spending reduction or deferral program in response to the COVID-19 pandemic.

Salaries, wages, and benefits

		Dece	Year Ended mber 31, 2020
Expressed in \$000s	Budget \$000	Actuals \$000	Variance \$000
Staff Surplus before allowance	30,885	28,016	(2,869)
Budgeted vacancy / rate allowance	(769)	-	769
Net Staff Surplus	30,116	28,016	(2,100)

Salaries, wages, and benefits were \$2,100,000 lower than budgeted in 2020. Labour costs are \$2,869,000 below budget for the year before a \$769,000 budgeted salary and wage mitigation for vacancies and wage grid placements.

Facility closures, service reductions and spending curtailments due to the pandemic resulted in the City delays in filling vacant positions, reduced staff hours, and temporary lay-offs throughout 2020. Culture and Recreation Services has the largest surplus in salary, wages, and benefits of \$1,749,000.

Purchases from Other Governments

				r the year ended cember 31, 2019
	Expressed in \$000s	Budget	Actuals	Variance
Wastewater Management Services		4,936	5,071	135
Policing Services		4,656	4,093	(563)
Water Supply Services		4,099	3,817	(282)

Assessment Services		417	414	(3)
Other		73	74	1
		14,766	14,014	(752)

The City was \$752,000 below budget in purchases from other governments for 2020, primarily resulting from a variances for policing services. The RCMP contract was \$563,000 below budget in 2020 due to lower than budgeted pay rates and staff turnover. The National Police Federation and Government of Canada are in ongoing collective bargaining negotiations and significant uncertainty exists regarding the impact of unionization, including the amount of any retroactive pay dating back to their last pay increase in 2017. Administration is recommending that \$563,000 of the City's operating budget surplus be committed within the financial stabilization reserve to fund a potential cost increase for policing services.

Contracted Services

A number of projects that were planned for 2020 have been scaled back, deferred, or cancelled, resulting in contracted services being \$1,569,000 below budget in 2020. Spending reductions to the Vision Zero program and special events programming, deferral of firefighter annual medical

assessments, implementation of the culture master plan, and cancellation of fitness instructor classes, seniors and youth events contributed to this variance.

Other Spending Reductions

The City reduced spending in a number of areas including materials and supplies, training and development, advertising and printing, and service maintenance contracts. Facility closures and program cancellations have significantly reduced spending by Culture and Recreation services. Other departments have deferred preventative maintenance, or reduced non-essential spending where possible.

UTILITY OPERATIONS

Water supply, sewer service, and solid waste are 100% utility user rate funded. Property taxes are not used to subsidize utility operations. Likewise, utility user rates do not subsidize the general operations of the City.

	Variances from utilities operating budget			
Expressed in \$000s	Water Supply	Sewer Service	Solid Waste	Total Utilities
For the year ending December 31, 2020				
Revenue				
Utility user rates	(353)	30	4	(318)

Reserve transfers and debt repayment	(1)	50	(50)	(0)
Forecast Operating Budget Surplus (Deficit)	(43)	37	(12)	(18)

The City's utility operations had an \$18,000 deficit compared to budget in 2020. The combined utility-user rates revenue from water and sewer were \$323,000 lower than budgeted due to lower than budgeted water consumption offset by higher industrial effluent usage. Likewise, charges from the Capital Region Northeast Water Services Commission and Alberta Capital Region Wastewater Commission were \$148,000 above budget.

The Transfer Station had a surplus of \$155,000 compared to budget partly due to citizens undertaking renovations and yard maintenance while quarantined during COVID-19.

CAPITAL BUDGET HIGHLIGHTS

The 2020 Capital Program included 14 new projects and 30 multi-year projects that were carried forward from 2019. At December 31, 2020, the City had 29 active projects, 10 that were complete, one that was cancelled, and 4 that were on hold for various reasons. The capital programs are summarized below. Additional project level details are attached in Appendix 3.

Total	14,624	14,079	3,185	31,888	(12,110)	(19,071)	708

COVID-19

The City deferred or modified several capital projects due to the financial impact of COVID-19, including:

- Sump Pump Retrofit Program;
- Roadway Safety Improvements;
- Protective Services Equipment Lifecycle;
- Computer Hardware / Software New Acquisition Program; and
- Computer Network
 Infrastructure Program.

FIRE ENGINE REPLACEMENTS

The City received two new fire engines to replace two existing pumper trucks after the reporting period in May 2020. Cost of the replacements were funded from the Municipal Sustainability Initiative and proceeds from the sale of the old trucks.

HIGHWAY 15 BRIDGE TWINNING

Work by the Province to twin the Highway 15 Bridge, including a pedestrian bridge, is underway. The City is working closely with the Province to coordinate river valley enhancement projects.

NEIGHBOURHOOD AND LOCAL ROAD REHAB

2020 projects focused on Southview Way, 99 Ave, 96A Ave, Harbour Pool Access Road, 93 Ave, 101 St, sections of HWY 21 and sections of HWY 15.

FINANCIAL POSITION HIGHLIGHTS

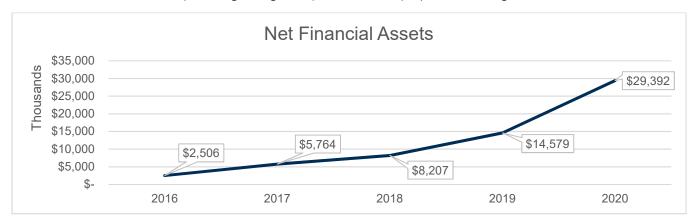

An unconsolidated statement of financial position for the City of Fort Saskatchewan has been included in Appendix 1.

NET FINANCIAL ASSETS

Net financial assets refer to the financial assets of the City less all liabilities, including long-term debt.

As at December 31, 2020, the City had net financial assets of \$29,392,000 compared to the net financial assets of \$14,575,000 at December 31, 2019.

Over the past five years, the City's net financial assets have increased as a result of planned contributions to reserves, operating budget surpluses, and repayment of long term debt.

CASH AND CASH EQUIVALENTS

The City maintains funds expected to be used in the next twelve months in its operating accounts or notice of demand accounts. Funds expected to be needed over longer time horizons are invested in corporate bonds and guaranteed investment certificates ("GIC").

At December 31, 2020, the City had the following cash and short term deposits:

		Deceml	per 31, 2020		Decem	ber 31, 2019
	\$000	Interest Rate %	Benchmark	\$000	Interest Rate %	Benchmark
Cash and Cash Equivalents						
Operating Accounts	4,155	0.80%	0.87%	6,183	2.30%	1.61%
Notice of Demand Accounts	43,486	1.09%	0.87%	42,203	2.59%	1.61%
Total	47,641	1.06%	0.87%	48,386	2.56%	1.61%

The City's notice of demand accounts earn interest at rates from 1.00 to 1.10% and are redeemable upon 31 to 90 days' notice. The City's benchmark for short term investments, FTSE Canada 91 day T-Bills Index, had an annualized yield of 0.87% on February 23, 2020.

2.72%	5.02	17,014

The City's operating and notice of demand accounts earn variable rates of interest and are therefore subject to interest rate risk. The City manages interest rate risk in its long term investment portfolio by purchasing securities with maturity dates ranging from 2021 to 2028 so that only a portion of the City's long term portfolio is exposed to interest rate risk in any given year.

ATB Financial, Canadian Western Bank, and Raymond James Ltd. are designated financial institutions for investment purposes, pursuant to the Banking Administration Bylaw C24-18.

PROPERTY TAXES RECEIVABLE

As at December 31, 2020, property taxes receivable were \$1,792,000 compared to \$1,124,000 at December 31, 2019. In 2020, the City experienced slower collection of property taxes due to COVID-19 related property tax penalty deferrals, declining economic conditions, and timing changes regarding the receipt of \$340,000 for grants in place of taxes from the Province of Alberta.

Subsequent to the period, the city collected \$593,000 between January 1 and April 14, 2021.

In response to COVID-19, the City deferred the application of property tax penalties until September 1 to assist taxpayers facing financial hardship due to the pandemic, excluding designated industrial properties.

At December 31, 2020, 3.7% of net property taxes were outstanding compared with 2.4% outstanding at December 31, 2019. In recognition of the increased risk of uncollectible property taxes, the City has made an allowance for uncollectible taxes in the amount of \$173,000 in 2020.

LONG-TERM DEBT

	Weighted Average	Dec. 31, 2020	Dec. 31, 2019

Capital Leases				
Capital Lease Obligations		320	408	December 2025
Total Long Term Debt		31,721	35,132	

The City borrows money to fund capital projects by issuing debentures and entering into capital leases. The total debt outstanding at December 31, 2020 is \$31,721,000. The Westpark Reservoir debenture was fully repaid in October 2020. During the year, the City paid \$3,324,000 in principal and \$1,202,000 in interest expense to service debentures and \$86,000 in principal and \$9,000 in interest to service capital leases.

Debentures are paid semi-annually or annually in accordance with the terms of the debenture.

Capital leases have monthly or annual payments up to the year 2025 with implied interests ranging from 2.285% to 9.161%.

At December 31, 2020 the City was at 26% of its provincial Debt Limit (December 31, 2019 – 30%) and 22% of its provincial Service on Debt Limit (December 31, 2019 – 24%). Capital leases do not impact the City's debt limit or debt service limit.

In 2020, Council authorized the City to borrow \$292,000 to fund the Pointe Aux Pins waterline. This debenture will be partially repaid through the collection of a local improvement levy. This debenture will be issued upon closing of the project, expected in 2021.

In order to mitigate the increased risk of non-collection, Council has authorized the City to borrow up to \$40 million to finance the ongoing operating activities of the City. With the City's spending reductions and receipt of the Municipal Operations Support Transfer, the City did not access this additional borrowing capacity in 2020.

FINANCIAL RESERVES

At December 31, 2020, the City had \$58,577,000 in financial reserves, of which \$14,568,000 is committed to various capital and operating projects. The City has uncommitted financial reserve balances at December 31, 2020 of \$44,008,000, including \$38,452,000 in internally restricted reserves and \$5,556,000

in externally restricted reserves. The City's 2020 optimal balance for internally restricted financial reserves excluding specific purpose reserves is \$36,411,000.

Stabilization and contingency reserves are above optimal balances. However, the capital project, infrastructure lifecycle, maintenance, and replacement reserves are \$5,664,000 underfunded

Appendix 1 includes a summary of the City's financial reserve balances and commitments.

Appendix 2 - Strategic Plan Update

STRATEGIC PLAN UPDATE

In June 2018, the City adopted a strategic plan for 2018 – 2022, identifying four goals and a number of strategic initiatives to advance those goals. The report below indicates the progress made toward those goals between September and December 2020.

POSITIONED FOR GROWTH

Goal	Strategically plan, prepare and manage responsible and sustainable growth for our residents and businesses	
Outcome	Excellence in planning and smart land use has balanced quality of life, sustainability, and economic development that has shaped how	
	our community has grown to maintain its small-town feeling at heart and where a strong sense of community thrives.	

Strategic Initiatives	Progress
Refresh of Land Use Bylaw – (2019 and 2021)	 Council gave first reading to an amendment of the Land Use Bylaw that would permit secondary realtor signage on certain rear and side yard fencing. The amending bylaw was given second and third reading subsequent to the period following a public hearing.
Development of land management strategy for corporate property acquisition and dispensation	 The City adopted the City Property Leasing and Licensing policy FIN-005-C and procedure FIN-005-A, which provides for the consistent, equitable, and transparent administration of the City's leased or licensed properties. Leases and licences are now administered through the Land Administration Committee. Administration continued to work on a land management strategy, which is expected to be presented to Council in 2021.
Update the approach to downtown redevelopment	Administration continued to work on a Downtown Action Plan, which is expected to be presented to Council in 2021.
Ensure strong business retention, support and attraction strategies and programs are in place to retain and grow business and industry	 The City adopted the Heartland Incentive Program which offers property tax incentives to large scale development within the Energy Value Chain. This program ensures the City remains a competitive location for this type of investment. The City continues to support local businesses through the Support Your Fort campaign as well as various incentive and grant programs such as the E-Commerce Grant.

Annual Report | December 2020 Appendix 2 - Strategic Plan Update

EXCELLENCE IN GOVERNMENT

Goal	Continuous improvement; constantly looking for ways to improve our services through planning, innovation, collaboration and consultation
Outcome	Problem solving, collaboration and leadership has fostered ongoing improvements focusing on our customers' needs enabling positive
	change to ensure service delivery is efficient and effective and can be delivered on a sustainable basis

Strategic Initiatives	Progress
Ensure four year department business plans are in place aligned with strategic priorities and operating and capital budget processes	Departmental business plans were updated for 2020 and are available on the City's website.
Continue refinement of budget processes and supporting priority-based budget tools; including preparation of 3 Year Operating Plans and 10 Year Capital Plans in compliance with legislative requirements	 Programs, insights, and costing information generated through priority-based budgeting were used to inform the 2021 Budget process, and were included in the 2021 Operating and Capital Budget document and presentations.
Continue implementation of health and safety program and procedures in alignment with new provincial regulations and leading practices	The City continued to implement its Roads OHS Action Plan. Highlights in the period included staff engagements, revisions of all hazard assessments, first aid training, improvements to incident records and follow up processes, improved health and safety meeting records, and implementation of formal inspection process.
Enhance public engagement and communication where public is encouraged to be involved	The City and the RCMP facilitated a Cultural Focus Group to engage cultural leaders in our community. This focus group helps the police force to learn and grow.

Annual Report | December 2020 Appendix 2 - Strategic Plan Update

Strategic Initiatives	Progress
Continue ongoing policy and bylaw review to guide actions and minimize risk	 Council provided feedback on Asset Management Policy and Community Standards Bylaw and, final versions of both were adopted subsequent to the period. The Tangible Capital Assets Policy was repealed and replaced by an administrative policy. Council adopted the City Property Leasing and Licensing Policy and Heartland Incentives Bylaw. A new Code of Conduct Policy and an updated Conflict of Interest policy were adopted by administration to bolster the City's corporate governance and fraud risk management processes.
Continue enhancements to water billing and transmission programs	 Installations of water meters and transmitters neared completion in the period, both antennas were installed and functional, and the billing integration was nearing completion. The new billing system is expected to be completed in the summer of 2021.
Continue to develop and maintain strong relationships with our neighbouring municipalities and civic organizations	The City, along with its regional partners, applied to form the Edmonton Metropolitan Transit Services Commission, which was completed subsequent to the period.
Development of advocacy strategy to direct and strengthen the City's message when addressing policies and issues with other levels of government, agencies, or regional neighbours; including provincial/federal grants, regional transportation, emergency medical services/coresponses, community spaces/school planning, and housing options	The Edmonton Metropolitan Region Board Integrated Regional Transportation Master Plan is ongoing. Scenario modelling is complete and transportation policies are being developed to tie back to the Edmonton Metropolitan Region Board Growth Plan. More background detail is being sought as the northeast river crossing is no longer in the plan.

Appendix 2 - Strategic Plan Update

A VIBRANT AND THRIVING COMMUNITY

Goal	Support diverse community needs to create a complete community where everyone, regardless of circumstance is able to	
	experience all the City has to offer	
Outcome	Residents live in vibrant, inclusive, and livable neighbourhoods where they are able to participate fully in all aspects of the community.	

Strategic Initiatives	Progress
Undertake a collaborative approach to addressing community needs through coordinated partnerships with local agencies and organizations	 The City partnering with the Families First Society, the Primary Care Network and Town of Lamont to offer support groups for parents dealing with the impacts of COVID-19 pandemic. The City is working with Edmonton Transit Services to adjust services due to low ridership resulting from COVID-19.
Build community awareness of social issues to facilitate social inclusion and social support networks	November marked Family Violence Prevention Month which included interactive art exhibits in City Hall, social media education campaigns and in person/virtual screening and panel discussions at the Shell Theatre.
Promote awareness and involvement in community and cultural events that help to create a sense of place for our city and enhance community interaction and connectedness	The City's Director of Protective Services and RCMP Staff Sergeant joined the Multi-Cultural Association Board of Directors to enhance our involvement with multi-cultural groups in our community.
Promote a range of accessible cultural and recreational programming that meets the changing needs of residents	The City created a skating loop at the West River's Edge pond. This new amenities provided residents with a new and unique outdoor recreation alternative during the winter months.

Appendix 2 - Strategic Plan Update

WELL PLANNED AND MAINTAINED MUNICIPAL INFRASTRUCTURE

Goal	Strategically manage, invest, and plan for sustainable municipal infrastructure
Outcome	Critical infrastructure is in place, maintained, optimized and strategically planned to meet the future needs of the community

Strategic Initiatives	Progress
Ongoing development and refinement of asset management program	Council provided feedback on a draft asset management policy and in early 2021 adopted an amended version of the policy.
Inclusion of planned capital funding sources, cost estimates and supporting master plans/strategies within 10 year capital plan	 In October 2020, the 2021 – 2030 Capital Plan was presented to Council for review and deliberation. The Plan included proposed capital funding sources and references to City master plans/studies, as applicable. Council adopted an interim 10 year capital plan that will return to Council in June 2021 for further review after administration completes recreation public engagement.
Continued exploration of regional collaboration opportunities for projects (Edmonton Metropolitan Regional Board Servicing Plan, Inter-municipal Collaboration Frameworks, River Valley Alliance)	 Through the Capital Region Intersection Safety Partnership, the City shared expertise and information on regional traffic safety issues. The City signed a memorandum of understanding with Alberta Sheriffs that allows our community peace officers to receive commercial vehicle enforcement training.
Pursue grant opportunities and other synergies with regional initiatives for infrastructure projects, including readiness with "shovel ready" projects for emergent grants	The City received approval for funding Council Chamber upgrades required as a result of COVID-19 from the Investing in Canada Infrastructure Program.
Continue advocacy and input for regional transportation projects (bridge twinning/pedestrian bridge) and exploration of any synergies with planned City capital projects (i.e.) Fort Centre Park, road improvements	 The City continued to participate in the Edmonton Metropolitan Region Board's development of an Integrated Regional Transportation Master Plan. Work on the Highway 15 Bridge twinning continues using fill from Fort Centre Park Rehabilitation plans, including development of ponds in Fort Centre Park are being finalized.
